

Conservation Clear® Acrylic

The benefits of 99% UV protection are clearly visible.

Conservation Clear® Acrylic is the standard conservation-grade acrylic product. Most frame shops use this product as their default acrylic option. Built with optimal, conservation-grade UV filtering technology, this acrylic product provides 99% UV protection to help protect against fading and offers superior color neutrality.

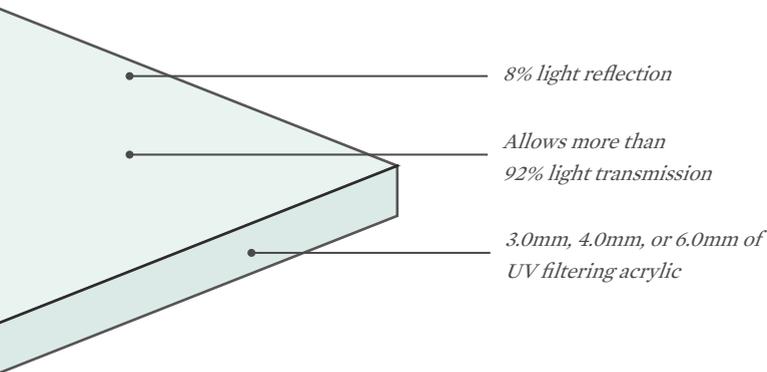

Applications

- Framing or displaying fine art collections, oversized works and irreplaceable works of art
- Framing for earthquake prone or high traffic areas where safety is a concern
