

A far-from-regular acrylic for all your regular framing needs.

Premium Clear® Acrylic is a high-quality general-purpose glazing for indoor framing. A great choice for large framing projects, or if the project will hang in a high traffic area where safety is a concern. This acrylic comes in multiple sizes and three different thickness levels to suit your framing needs.

Applications

- General purpose framing when UV exposure is not a concern
- Items that can be reproduced or replaced easily
- Framing for earthquake prone or high traffic areas where safety is a concern
