

Because reflections should not be part of the viewing experience.

Tru Vue® Classic AR glass is the best anti-reflective glass solution when preservation is not a concern. This high-quality, anti-reflective glass product provides 78% UV protection and is optically coated to create a virtually invisible finish. Similar to its other anti-reflective products, Tru Vue uses its proprietary coating process using Magnetron Sputtering technology, which deposits precisely controlled layers of highly energized metal oxides to produce this product.

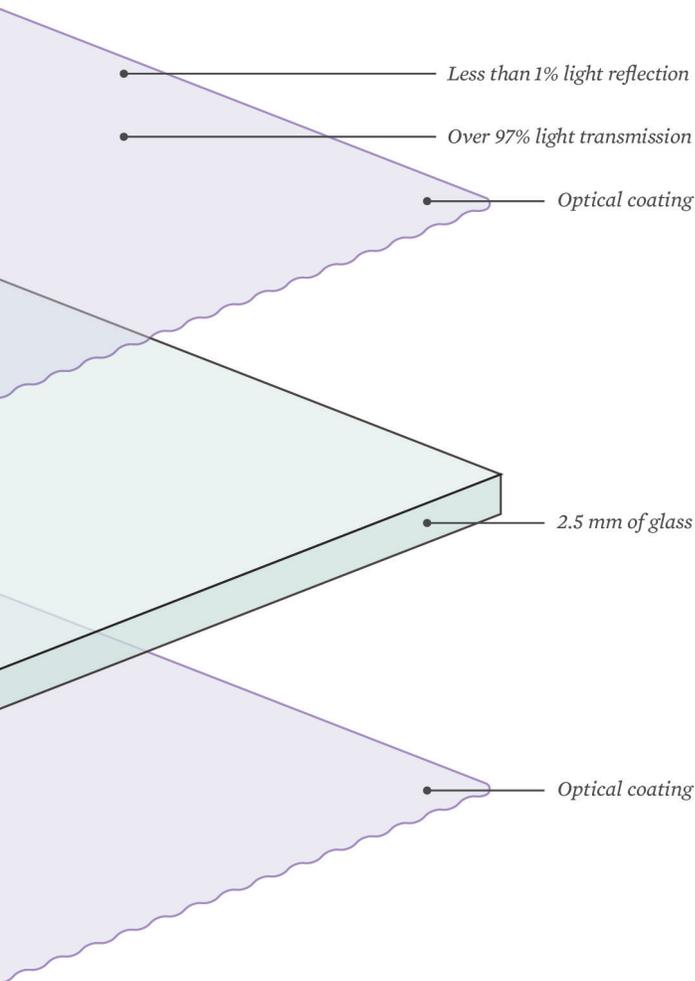

Applications

- Custom framing items that are not sensitive to UV damage or items that will be displayed in controlled light environment to limit UV exposure
- Items that can be reproduced or replaced easily

Available Sizes

SIZE	# OF LITES PER BOX
16 x 20 inches	12
24 x 36 inches	4
32 x 40 inches	3
36 x 48 inches	2
40 x 60 inches	2
