Tru Vue® Classic AR™

Because reflections should not be part of the viewing experience.

Tru Vue® Classic AR™ glass is the best anti-reflective glass solution when preservation is not a concern.

This high-quality, anti-reflective glass product provides 78% UV protection and is optically coated to create a virtually invisible finish. Similar to its other anti-reflective products, Tru Vue uses its proprietary coating process using Magnetron Sputtering technology, which deposits precisely controlled layers of highly energized metal oxides to produce this product.

 TRU VUE®

Applications

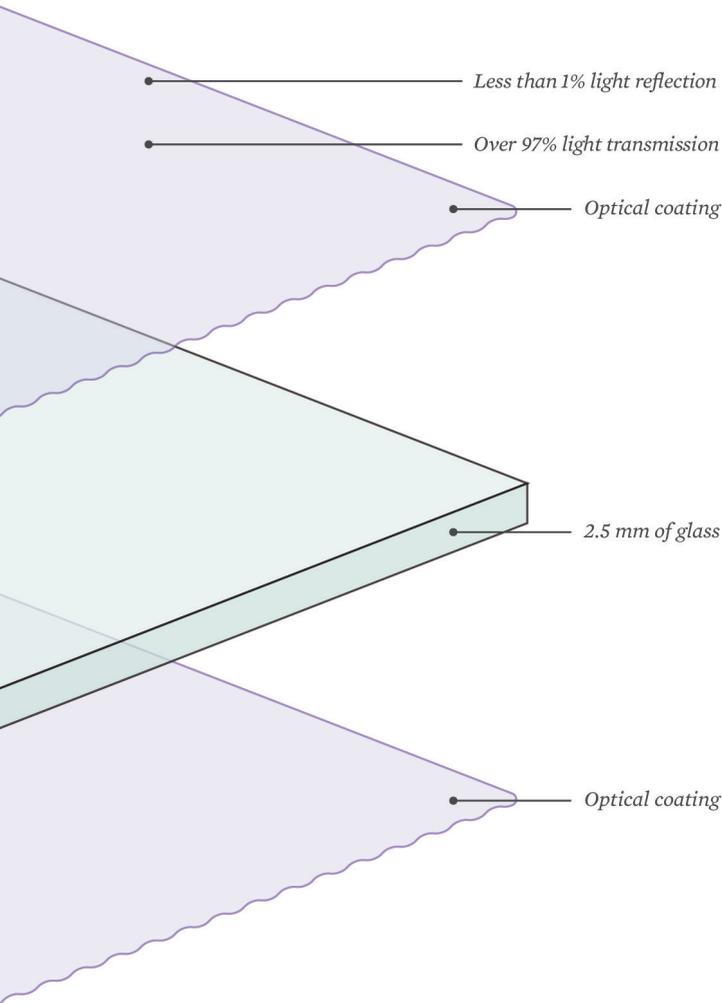

- Ideal for framing projects that are less sensitive to UV damage or displayed without UV exposure
- Great for works that can be easily reproduced or replaced, such as photographs

Available Sizes

SIZE	# OF LITES PER BOX
1015mm x 810mm	3
1220mm x 915mm	2
1525mm x 1015mm	2
1730mm x 1220mm	2

Features

- Virtually eliminates reflections
- 2.5mm thick and 25% stronger than 2mm glass
- Filters up to 78% of UV rays
- Light transmission brightens colors and contrast levels
- Enhanced surface for better durability and easy cleaning
- Proprietary coatings are engineered for permanence
